

## PHOENIX SOLAR LFP BATTERY BANKS

Date of Preparation: *March 1, 2026*  
 Valid Until: *March 31, 2026*

Rated Voltage (V)	Capacity (Ah)	Rated Energy (kWh)	Selling Price (Rs)	Warranty (Years)
<i>Low Voltage BESS (For Residential Applications)</i>				
25.6	125	3.20	300,000.00	10
25.6	314	8.04	500,000.00	10
51.2	125	6.40	420,000.00	10
51.2	314	16.08	750,000.00	10
<i>High Voltage BESS (For Industrial Applications)</i>				
409.6	50	20.48	2,521,000.00	10
409.6	125	51.20	3,515,000.00	10
409.6	314	128.61	5,601,000.00	10
614.4	50	30.72	3,870,000.00	10
614.4	125	76.80	5,063,000.00	10
614.4	314	192.92	8,192,000.00	10
819.2	50	40.96	4,623,000.00	10
819.2	125	102.40	6,610,000.00	10
819.2	314	257.23	10,783,000.00	10

- All batteries come with an in-built active balancer that protects cell health, improves performance, and extends battery lifespan.
- The BMS communicates only with approved inverter brands, so please verify inverter communication compatibility before purchasing.
